

[PIVOT: Young Adult Addiction Treatment Program Launches in Cincinnati](#)

At ASAP Cincinnati, we understand the unique challenges young adults face in recovery. Our new young adult addiction treatment program will help transform the lives of young people in Cincinnati.

Your Turn Toward Tomorrow: Evidence-Based Young Adult Addiction Treatment

Our new intensive outpatient program, PIVOT, is specifically designed for adults ages 18-26 struggling with substance use disorders.

Why Choose PIVOT for Young Adult Treatment?

- Specialized Care: Addressing the specific needs of young adults navigating college,

career starts, and evolving relationships

- Evidence-Based Treatment: Built on ASAP Cincinnati's proven methodology with an 88% symptom reduction rate
- Scheduling: Designed to accommodate work and educational commitments
- Comprehensive Support: Group treatment focusing on addiction with mental health support
- CARF-Accredited Care: Meeting the highest standards in addiction treatment

The PIVOT Difference: Young Adult-Focused Recovery

As a CARF-accredited facility with more than 15 years of experience, ASAP Cincinnati brings expertise in young adult treatment to PIVOT. In PIVOT's transformative program, young adults ages 18-26 receive focused substance use treatment while developing essential life skills and addressing personal challenges through dedicated weekly individual/family sessions, ensuring a holistic path toward lasting recovery.

Our program integrates:

- Specialized group sessions tailored to young adults
- Evidence-based treatment approaches
- Practical life skills training
- Customized family involvement
- Strategic relapse prevention planning

Proven Success in Cincinnati Substance Use Treatment

Our existing programs demonstrate remarkable outcomes:

- 88% of clients report significant symptom reduction
- 95% of families report improved family dynamics
- Professional support from licensed clinicians
- Comprehensive assessment and personalized treatment plans
